

 **MARKIV**
BIOCARE

COMPANY OVERVIEW

Since 2012, Markiv Biocare has been a leading name in the third-party manufacturing sector, based in Ahmedabad, India. We specialize in producing a wide range of Health supplements and Nutraceutical products, offering an extensive portfolio of dosage forms, including tablets, capsules, oral liquids, dry syrups, powders, sachets, effervescent tablets, and oral sprays.

Markiv Biocare manufactures private label brands for numerous companies both in the domestic and international markets. Our team brings years of expertise in contract manufacturing, ensuring we deliver high-quality products that our clients can trust. We enable companies to focus on branding and marketing while we handle the production, ensuring each product meets rigorous quality standards.

Markiv Biocare is committed to maintaining a proven track record of timely delivery and reliability. Our stringent quality control processes ensure that every product meets the highest standards, making our brand synonymous with trust and excellence in the industry.

QUALITY ASSURANCE

At Markiv Biocare, we believe your health deserves the best. That's why we go beyond industry standards to deliver superior-quality health supplements and nutraceuticals. Our unwavering commitment to quality is evident in our state-of-the-art facility, boasting WHO-GMP, ISO 9001-2015, ISO 22000-2018, and HACCP certifications. These certifications signify our rigorous approach to every stage of production, ensuring the highest levels of quality and safety.

We leverage cutting-edge technology and advanced machinery throughout the manufacturing process, allowing for meticulous sourcing and rigorous testing of all raw materials. This ensures the purity, potency, and efficacy of every single health supplement and nutraceutical product we create.

OUR PEOPLE

At Markiv Biocare, we recognize that our real assets aren't just the gleaming certifications and advanced machinery – it's our exceptional team. We foster a culture that values continuous learning and growth. Our employees are actively encouraged to refine their skills and stay updated on the latest advancements in health sciences and manufacturing techniques. This dedication to lifelong learning ensures we remain industry leaders, constantly innovating and refining our processes to deliver unparalleled quality.

Markiv Biocare believes in a collective growth mindset. We empower our team members to share knowledge freely and collaborate seamlessly. This fosters a strong sense of ownership at every stage of production. Everyone on our team understands that quality is a collaborative effort, and they take immense pride in contributing to the creation of superior health supplements and nutraceuticals. We believe in nurturing our employees and providing them with the resources and opportunities they need to excel. By investing in our people, we invest in the future of exceptional quality at Markiv Biocare.

EXPORT MANUFACTURING

Markiv Biocare's dedication to exceptional health products extends beyond our borders. We're actively expanding our global presence, leveraging our operational flexibility to seamlessly adapt to regional product needs and regulatory requirements. Our state-of-the-art facility and unwavering commitment to quality translate effortlessly across international markets, ensuring products that consistently meet the highest standards.

Our adaptability extends beyond production. We foster strong relationships with various business associations, keeping us at the forefront of global health trends and evolving regulations. This allows us to anticipate market opportunities and develop innovative solutions that cater to specific regional demands. By combining our unwavering commitment to quality with a dynamic approach to international markets, Markiv Biocare is positioned to deliver unparalleled health and well-being to global customers.
